Inside Diameter:

Between 0.120 inches and 0.160 inches

End Style:

Straight angular end second end

Spring Free Length:

0.060 inches

Coil Quantity:

2

Coil Helix Direction:

Right-hand

End Angular Relationship:

Ends angled one to other

End Length From First Bend To Second Bend Or End:

0.160 inches second end

Material:

Steel comp 302

Surface Treatment:

Passivate

Style Designator:

Single torsion left hand

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02900
