

View Online at <https://aerobasegroup.com/nsn/5360-00-172-4326>

Overall Length:

2.220 inches

Special Features:

Holes equally spaced 0.500 in. Apart c to c and 0.250 in. From c to c on both ends; 2 full rad. Slot located 1.560 in. From hole c to slot top 0.310 in. L; tapered 0.550 in. 2 places

Material:

Copper alloy 172

Material Specification:

Qq-c-533 federal specification all material responses

Surface Treatment:

Oxide

Surface Treatment Specification:

Mil-f-495 military specification all treatment responses

Supplementary Features:

Mat'l beryllium alloy 172 temper 1/2h; surface treatment - blk oxide

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02900

Mil-std (military Standard):

Mil-f-495 spec.
