

View Online at <https://aerobasegroup.com/nsn/5360-00-172-4326>

**Overall Length:**

2.220 inches

**Special Features:**

Holes equally spaced 0.500 in. Apart c to c and 0.250 in. From c to c on both ends; 2 full rad. Slot located 1.560 in. From hole c to slot top 0.310 in. L; tapered 0.550 in. 2 places

**Material:**

Copper alloy 172

**Material Specification:**

Qq-c-533 federal specification all material responses

**Surface Treatment:**

Oxide

**Surface Treatment Specification:**

Mil-f-495 military specification all treatment responses

**Supplementary Features:**

Mat'l beryllium alloy 172 temper 1/2h; surface treatment - blk oxide

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A02900

**Mil-std (military Standard):**

Mil-f-495 spec.
