**Inside Diameter:**

1.039 inches

**End Style:**

Offset hinge end, left side

**Spring Free Length:**

1.250 inches

**Coil Quantity:**

7-7/10

**Coil Helix Direction:**

Left-hand

**Spring Free Outside Diameter:**

1.335 inches

**Hook Radius:**

0.281 inches

**End Angular Relationship:**

Ends angled one to other

**End Length:**

1.140 inches both ends

**Special Features:**

2nd torque load ratings inch-pounds 45.000 to 55.000, 2nd torque load rating rotation 127.0 deg

**Material:**

Steel

**Material Specification:**

Jan-1160, grade 2, type a, material n0. 4 military specification single material response

**Surface Treatment:**

Zinc and chromate

**Surface Treatment Specification:**

Qq-z-325, type 2, class 2 federal specification single treatment response

**Style Designator:**

Single torsion left hand

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A02900

**Mil-std (military Standard):**

spec.
