**Inside Diameter:**

0.914 inches

**End Style:**

Spring end, squared and ground both ends

**Spring Free Length:**

1.200 inches

**Coil Quantity:**

5

**Spring Solid Outside Diameter:**

Between 1.105 inches and 1.145 inches

**Coil Helix Direction:**

Right-hand

**Spring Free Outside Diameter:**

Between 1.105 inches and 1.145 inches

**Special Features:**

Can be compressed to 0.580 in. Without permanent set

**Material:**

Steel comp 631

**Material Specification:**

Armco 17-7ph mfr ref single material response

**Style Designator:**

Cylindrical

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A02900
