Inside Diameter:

0.500 inches

End Style:

Spring end, squared and ground both ends

Spring Free Length:

2.250 inches

Coil Helix Direction:

Right-hand

Spring Free Outside Diameter:

0.593 inches

Special Features:

Bake 350 to 370 f for 3 hours.

Material:

Steel

Material Specification:

N, 22-w-11c mfr ref single material response

Surface Treatment:

Cadmium

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02900
