Inside Diameter:

Between 0.407 inches and 0.467 inches

End Style:

Spring end, squared and ground both ends

Spring Free Length:

3.687 inches

Coil Quantity:

20-1/2

Spring Solid Length:

1.005 inches

Coil Helix Direction:

Right-hand

Spring Free Outside Diameter:

Between 0.505 inches and 0.565 inches

Special Features:

Spring to be compressed solid in 180 degrees foil w/o permanent deformation

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A02900
