Inside Diameter:

Between 3.080 inches and 3.120 inches

End Style:

Spring end, squared and ground both ends

Spring Free Length:

8.470 inches

Coil Helix Direction:

Right-hand

Spring Free Outside Diameter:

Between 4.080 inches and 4.120 inches

Material:

Steel

Material Specification:

Jan-s-1160, grade 2, comp 5, type b-canceled military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02900

Mil-std (military Standard):

spec.
