Inside Diameter:

Between 0.922 inches and 0.942 inches

End Style:

Spring end, squared and ground both ends

Spring Free Length:

3.300 inches

Coil Quantity:

10-1/2

Coil Helix Direction:

Right-hand

Spring Free Outside Diameter:

Between 1.182 inches and 1.202 inches

Material:

Steel

Material Specification:

N, 22-w-11c mfr ref single material response

Surface Treatment:

Cadmium

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02900
