Inside Diameter:

Between 0.410 inches and 0.430 inches

End Style:

Spring end, squared and ground both ends

Spring Free Length:

9.250 inches

Coil Quantity:

55

Spring Solid Length:

4.400 inches

Coil Helix Direction:

Right-hand

Spring Free Outside Diameter:

Between 0.540 inches and 0.590 inches

Material:

Steel

Material Specification:

N, 22-w-11c mfr ref single material response

Surface Treatment:

Zinc

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A02900
