Inside Diameter:

0.570 inches

End Style:

Spring end, squared and ground both ends

Spring Free Length:

4.000 inches

Coil Helix Direction:

Right-hand

Spring Free Outside Diameter:

Between 0.710 inches and 0.750 inches

Material:

Steel

Material Specification:

N, 22-w-11c mfr ref single material response

Surface Treatment:

Cadmium

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A02900
