Inside Diameter:

0.267 inches

End Style:

Spring end, squared and ground both ends

Spring Free Length:

1.563 inches

Coil Quantity:

16-1/2

Coil Helix Direction:

Right-hand

Spring Free Outside Diameter:

0.359 inches

Material:

Stainless steel

Material Specification:

6359-1, westinghouse electric corp, distribution equipement div mfr ref single material response

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02900
