End Style:

Angular

Spring Free Length:

0.780 inches

Coil Quantity:

4

Coil Helix Direction:

Left-hand

End Angular Relationship:

Ends angled one to other

End Length From First Bend To Second Bend Or End:

1.000 inches first end

Material:

Steel comp 302 or steel comp 304

Material Specification:

Qq-w-423, form 1, cond b federal specification all material responses

Style Designator:

Single torsion left hand

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A02900
