Inside Diameter:

0.4375 inches

End Style:

Spring end, squared and ground both ends

Spring Free Length:

2.810 inches

Coil Helix Direction:

Right-hand

Spring Free Outside Diameter:

Between 0.468 inches and 0.548 inches

Material:

Steel

Material Specification:

N, 22-w-11c mfr ref single material response

Surface Treatment:

Phosphate

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A02900
