Inside Diameter:

0.560 inches

End Style:

Offset half loop, left end second end

Coil Helix Direction:

Left-hand

Spring Free Outside Diameter:

0.750 inches

Hook Radius:

0.094 inches

End Angular Relationship:

Ends parallel one to other

End Length From Second Bend To Third Bend Or End:

0.125 inches

Surface Treatment:

Zinc and chromate

Surface Treatment Specification:

Qq-z-325, type 2, class 2 federal specification single treatment response

Style Designator:

Single torsion left hand

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02900
