Inside Diameter:

0.109 inches

End Style:

Offset half loop, left end

Spring Free Length:

0.468 inches

Coil Quantity:

8-1/4

Coil Helix Direction:

Left-hand

Spring Free Outside Diameter:

0.219 inches

Hook Radius:

0.050 inches

End Angular Relationship:

Ends angled one to other

End Length From Second Bend To Third Bend Or End:

0.050 inches

Special Features:

Bend 0.050 in. R in longer end brings both ends into 90.0 degrees angle beginning 0.200 in. Apart measured along coil cl

Material:

Steel

Material Specification:

Mil-w-6101 military specification single material response

Style Designator:

Single torsion left hand

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02900

Mil-std (military Standard):

Mil-w-6101 spec.
