**Inside Diameter:**

1.813 inches

**End Style:**

Spring end, squared and ground both ends

**Spring Free Length:**

12.250 inches

**Coil Quantity:**

14

**Spring Solid Length:**

3.875 inches

**Spring Solid Outside Diameter:**

4.375 inches

**Coil Helix Direction:**

Left-hand

**Special Features:**

Size of material dim. Taken from keystone section before coiling

**Material:**

Steel comp 9260

**Material Specification:**

Qq-s-624 federal specification single material response

**Surface Treatment:**

Cadmium or zinc

**Style Designator:**

Cylindrical

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A02900
