Inside Diameter:

1.813 inches

End Style:

Spring end, squared and ground both ends

Spring Free Length:

12.250 inches

Coil Quantity:

14

Spring Solid Length:

3.875 inches

Spring Solid Outside Diameter:

4.375 inches

Coil Helix Direction:

Left-hand

Special Features:

Size of material dim. Taken from keystone section before coiling

Material:

Steel comp 9260

Material Specification:

Qq-s-624 federal specification single material response

Surface Treatment:

Cadmium or zinc

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02900
