Inside Diameter:

2.700 inches

End Style:

Spring end, squared and ground both ends

Spring Free Length:

6.120 inches

Coil Quantity:

6

Spring Solid Length:

3.375 inches

Spring Solid Outside Diameter:

3.940 inches

Coil Helix Direction:

Right-hand or left-hand

Spring Deflection Rate:

1015.000 pounds per inch

Material:

Steel comp 9262

Material Specification:

Qq-s-624-canceled federal specification single material response

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A02900
