Compression Helical Spring - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5360-00-468-1592

Inside Diameter:
0.260 inches
End Style:
Spring end, squared and ground both ends
Spring Free Length:
1.675 inches
Coil Quantity:
14
Spring Solid Length:
0.920 inches
Coil Helix Direction:
Right-hand or left-hand
Spring Deflection Rate:
66.000 pounds per inch
Material:
Steel comp 631
Material Specification:
Ams 5673 assn standard single material response
Surface Treatment:
Passivate
Style Designator:
Cylindrical
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A02900
