Inside Diameter:

0.240 inches

End Style:

Spring end, squared and ground both ends

Spring Free Length:

1.375 inches

Coil Quantity:

11-1/2

Spring Solid Length:

0.432 inches

Coil Helix Direction:

Right-hand

Spring Free Outside Diameter:

0.312 inches

Material:

Copper alloy 172 or copper alloy 173

Material Specification:

Qq-c-530, temper 1/2h federal specification all material responses

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02900
