Inside Diameter:

1.094 inches

End Style:

Spring end, squared and ground both ends

Spring Free Length:

5.484 inches

Coil Quantity:

14

Spring Solid Length:

2.750 inches

Coil Helix Direction:

Right-hand

Spring Free Outside Diameter:

1.497 inches

Material:

Steel

Material Specification:

Jan-s-1160, grade 1, type a-canceled military specification single material response

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02900

Mil-std (military Standard):

spec.
