Compression Helical Spring - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5360-00-473-1837

Inside Diameter:

0.812 inches

End Style:

Spring end, squared and ground both ends

Spring Free Length:

3.000 inches

Coil Quantity:

14

Spring Solid Length:

1.428 inches

Coil Helix Direction:

Right-hand

Spring Free Outside Diameter:

1.016 inches

Material:

Steel

Material Specification:

Jan-s-1160, grade 1-canceled military specification single material response

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

Demilitarization:

No

Fiig:

A02900

Mil-std (military Standard):

spec.
