Inside Diameter:

1.036 inches

End Style:

Spring end, squared and ground both ends

Spring Solid Length:

1.426 inches

Spring Solid Outside Diameter:

1.349 inches

Coil Helix Direction:

Right-hand

Material:

Steel

Material Specification:

Qq-w-465, class a federal specification single material response

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A02900
