Overall Length:

0.257 inches

Special Features:

Curved with a 1.940 in. Radius; 0.020 in. Radius bend centrally located, 0.093 in. Ht, 0.040 in. W

Material:

Copper alloy 172

Material Specification:

Qq-c-533 federal specification single material response

Supplementary Features:

Surface treat, solid film lubricant, ds-pst-56

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02900
