End Application:

1005-672-1640

Special Features:

Steel, phosphate coated, prebent strip metal 0.187 in. W, 0.022 in. Thk, bent on 0.312 in. Radius to form angle of 35 degrees between ends, first endlooped on 0.065 in. Radius, bend on 0.312 radius begins 1.062 in. From center of loop to bend remainder of 2.937 in. Length to form bend

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02900
