Opening Width:

0.062 inches both ends

End Style:

Machined half loop both ends

Design Type:

Closed

Spring Free Outside Diameter:

0.380 inches

Hook Radius:

0.190 inches both ends

Material:

Steel comp 302

Material Specification:

Qq-w-423 federal specification single material response

Style Designator:

Cylindrical

Specification Or Standard:

2 type and c class

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A02900
