Inside Diameter:

0.265 inches

End Style:

Spring end, squared and ground both ends

Spring Free Length:

0.812 inches

Coil Quantity:

8

Spring Solid Length:

0.376 inches

Coil Helix Direction:

Right-hand

Spring Free Outside Diameter:

0.359 inches

Material:

Steel

Material Specification:

N, 22-w-11c mfr ref single material response

Surface Treatment:

Zinc and chromate

Surface Treatment Specification:

Qq-z-325, type 2, class 2 federal specification single treatment response

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02900
