**Inside Diameter:**

0.218 inches

**End Style:**

Spring end, squared and ground both ends

**Spring Free Length:**

0.750 inches

**Coil Quantity:**

8-1/2

**Coil Helix Direction:**

Right-hand

**Spring Free Outside Diameter:**

0.290 inches

**Special Features:**

Bearing surface to be 315 degrees on both ends

**Material:**

Steel

**Material Specification:**

N, 22-w-11 mfr ref single material response

**Surface Treatment:**

Copper

**Style Designator:**

Cylindrical

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A02900
