Inside Diameter:

Between 1.301 inches and 1.361 inches

End Style:

Spring end, squared and ground both ends

Spring Free Length:

6.000 inches

Coil Quantity:

11

Spring Solid Length:

1.160 inches

Coil Helix Direction:

Right-hand

Spring Free Outside Diameter:

Between 1.512 inches and 1.542 inches

Material:

Steel

Material Specification:

N, 22-w-11c mfr ref single material response

Surface Treatment:

Zinc and enamel

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A02900
