Inside Diameter:

0.530 inches

End Style:

Spring end, squared and ground both ends

Spring Free Length:

1.094 inches

Material Hardness Rating:

Between 51.0 rockwell c and 53.0 rockwell c

Coil Quantity:

5

Spring Solid Length:

0.203 inches

Coil Helix Direction:

Right-hand

Spring Free Outside Diameter:

0.641 inches

Material:

Steel

Material Specification:

Jan-s-1160, grade 1, type a-canceled military specification single material response

Surface Treatment:

Cadmium

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02900

Mil-std (military Standard):

spec.
