Inside Diameter:

0.500 inches

End Style:

Offset half loop, left end

Spring Free Length:

0.102 inches

Coil Quantity:

1

Coil Helix Direction:

Left-hand

Spring Free Outside Diameter:

0.602 inches

Hook Radius:

0.156 inches

End Angular Relationship:

Ends angled one to other

End Length From First Bend To Second Bend Or End:

0.258 inches

Special Features:

Second end style per sketch

Material:

Steel uns k08500

Material Specification:

Stm a228-41 assn standard single material response

Surface Treatment:

Cadmium

Style Designator:

Single torsion left hand

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02900
