**Inside Diameter:**

Between 0.140 inches and 0.172 inches

**End Style:**

Spring end, squared both ends

**Spring Free Length:**

1.813 inches

**Coil Quantity:**

10

**Coil Helix Direction:**

Left-hand

**Spring Free Outside Diameter:**

0.200 inches

**Special Features:**

Stress relieve and apply oil penetrate process as per arma specification es-408 section no. 1

**Material:**

Steel uns k08500

**Material Specification:**

Qq-w-470 federal specification single material response

**Style Designator:**

Cylindrical

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A02900
