Compression Helical Spring - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5360-00-598-4794

Inside Diameter:

Between 0.140 inches and 0.172 inches

End Style:

Spring end, squared both ends

Spring Free Length:

1.813 inches

Coil Quantity:

10

Coil Helix Direction:

Left-hand

Spring Free Outside Diameter:

0.200 inches

Special Features:

Stress relieve and apply oil pentrate process as per arma specification es-408 section no. 1

Material:

Steel uns k08500

Material Specification:

Qq-w-470 federal specification single material response

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

Demilitarization:

No

Fiig:

A02900
