Inside Diameter:

2.000 inches

End Style:

Spring end, squared and ground both ends

Spring Free Length:

7.250 inches

Coil Quantity:

8

Spring Solid Length:

5.031 inches

Spring Solid Outside Diameter:

3.344 inches

Coil Helix Direction:

Right-hand or left-hand

Spring Deflection Rate:

2000.000 pounds per inch

Special Features:

Size of material taken from keystone section

Material:

Steel

Surface Treatment:

Phosphate

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02900
