Inside Diameter:

0.344 inches

End Style:

Spring end, squared and ground both ends

Spring Free Length:

1.188 inches

Material Hardness Rating:

Between 44.0 rockwell c and 52.0 rockwell c

Coil Quantity:

8

Coil Helix Direction:

Right-hand

Spring Free Outside Diameter:

0.469 inches

Material:

Steel comp 1060 or steel comp 1065

Material Specification:

Jan-s-1160, comp 2 or 3-canceled military specification all material responses

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02900

Mil-std (military Standard):

spec.
