Inside Diameter:

Between 4.000 inches and 4.188 inches

End Style:

Spring end, squared and ground both ends

Spring Free Length:

16.000 inches

Coil Quantity:

10

Coil Helix Direction:

Left-hand

Spring Free Outside Diameter:

Between 6.375 inches and 6.563 inches

Material:

Steel

Material Specification:

Jan-s-1160, grade 1-canceled military specification single material response

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02900

Mil-std (military Standard):

spec.
