Inside Diameter:

3.000 inches

End Style:

Spring end, squared and ground both ends

Spring Free Length:

23.125 inches

Material Hardness Rating:

43.0 rockwell c

Coil Quantity:

15-3/10

Spring Solid Length:

15.500 inches

Spring Solid Outside Diameter:

5.313 inches

Coil Helix Direction:

Right-hand

Spring Deflection Rate:

845.000 pounds per inch

Material:

Steel comp 8653 and steel comp 4150

Material Specification:

Qq-s-624a, h federal specification 1st material response

Surface Treatment:

Phosphate

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02900
