Inside Diameter:

4.062 inches

End Style:

Spring end, squared and ground both ends

Spring Free Length:

46.000 inches

Coil Quantity:

21-1/2

Spring Solid Length:

11.780 inches

Spring Solid Outside Diameter:

5.375 inches

Coil Helix Direction:

Right-hand

Spring Free Outside Diameter:

5.156 inches

Material:

Steel comp 6150 or steel comp 9260

Material Specification:

Gqq-s-624-canceled military specification 1st material response

Surface Treatment:

Phosphate

Style Designator:

Cylindrical

Specification Or Standard:

A class

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02900

Mil-std (military Standard):

spec.
