Inside Diameter:

4.630 inches

End Style:

Spring end, squared and ground both ends

Spring Free Length:

28.600 inches

Coil Quantity:

13-1/2

Spring Solid Length:

10.960 inches

Spring Solid Outside Diameter:

6.450 inches

Coil Helix Direction:

Right-hand

Spring Free Outside Diameter:

6.255 inches

Material:

Steel comp 305 or steel comp 6150

Material Specification:

Qq-w-423, form 1, cond b federal specification 1st material response or qq-s-624-canceled federal specification 2nd material response

Surface Treatment:

Phosphate

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02900
