Inside Diameter:

1.548 inches

End Style:

Spring end, squared and ground both ends

Spring Free Length:

8.375 inches

Coil Quantity:

10-1/2

Spring Solid Length:

1.562 inches

Spring Solid Outside Diameter:

1.875 inches

Coil Helix Direction:

Left-hand

Material:

Steel

Material Specification:

Qq-w-474, comp d-canceled federal specification single material response or qq-w-474, comp e-canceled federal specification single material response

Surface Treatment:

Phosphate

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A02900
