**End Application:**

1005-672-1771

**Special Features:**

Steel, phosphate coated, prebent strip metal, 1.875 in. W, 0.015 in.Thk, developed length 1.070 in., 1st end bent on 0.072 in. Radius to 90 degfor o/a h of 0.100 in., body bent inwards on radius of 0.250 in. Radius0.430 in. From 1st end then bent back on 1.062 in. Radius 0.830 in. From1st end, 2 holes 0.130 in. Diameter drilled 0.240 in. From 2nd end and 0.187in. From each side

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A02900
