Spring Deflection Rate:

Between 135.000 pounds per inch and 165.000 pounds per inch

Special Features:

1 hole in apex 1.00 porm 0.02 in.Lg, heat treated to 180, 000-200, 000 psi

Material:

Steel comp 1095

Material Specification:

Aisi 1095 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02900
