Inside Diameter:

0.412 inches

End Style:

Spring end, squared and ground both ends

Spring Free Length:

0.625 inches

Coil Quantity:

6

Coil Helix Direction:

Right-hand

Spring Free Outside Diameter:

0.484 inches

Material:

Copper alloy 172 or copper alloy 173

Material Specification:

Qq-c-530, temper a federal specification all material responses

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02900
