End Style:

Hook both ends

Material Hardness Rating:

Between 36.0 rockwell c and 42.0 rockwell c

Features Provided:

Drilled for attaching bracket

Material:

Copper alloy 170 or copper alloy 172

Material Specification:

Qq-c-533 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02900
