Inside Diameter:

Between 0.079 inches and 0.083 inches

End Style:

Uniform size ends both ends

Material:

Nickel alloy x-750

Material Specification:

Ams5698 assn standard single material response

Style Designator:

Circular

Supplementary Features:

: number two bearing pump

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02900
