Inside Diameter:

Between 0.330 inches and 0.345 inches

End Style:

E2 spring end, squared both ends

Spring Free Length:

0.600 inches

Coil Quantity:

8 1/4

Coil Helix Direction:

Left-hand

Spring Free Outside Diameter:

Between 0.370 inches and 0.385 inches

Special Features:

Last coil 0.400 in. Od then curled to 0.180 in. Diameter end

Material:

Steel comp 631

Material Specification:

Ams 5673, comp 17-7ph assn standard single material response

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02900
