Inside Diameter:

Between 0.580 inches and 0.600 inches

End Style:

E4 spring end, squared and ground both ends

Coil Quantity:

9 1/2

Coil Helix Direction:

Right-hand or left-hand

Spring Deflection Rate:

25.380 pounds per inch

Material:

Steel comp 631

Material Specification:

Ams 5673 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02900
