Inside Diameter:

0.126 inches

End Style:

Short twisted hook second end

Coil Quantity:

18

Coil Helix Direction:

Right-hand

Spring Free Outside Diameter:

0.150 inches

Material:

Steel

Material Specification:

Bs2056 en58a, british standards inst mfr ref single material response

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A02900
