End Style:

E4 spring end, squared and ground both ends

Coil Helix Direction:

Right-hand or left-hand

Special Features:

Cleaned in accordance with mil-std-1330

Material:

Nickel alloy k-500

Material Specification:

Qq-n-286, class a federal specification single material response

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02900
